

BEACON DISCOVERY GRANT PROGRAM

Beacon Discovery Grant Program

Terms and Conditions

How to Enter:

The Beacon Discovery Grant Program begins on May 19, 2025 at 12:01 a.m. (ET) and ends on June 30, 2025 at 11:59 p.m. (PT); entries must be submitted during that period to be eligible. The contest is open to all researchers who meet the eligibility requirements, as defined below. To enter, participants must submit a short abstract application digitally at <https://brukercellularanalysis.com/products/instruments/the-beacon-discovery-grant-program/>. The application must include: (1) the participant's full name, email address, telephone number and any other contact information required by Bruker Cellular Analysis; (2) the name of the participant's institution or company; (3) a descriptive title for the proposed project; and (4) an abstract proposal (written in 250 words or less) demonstrating how the applicant will integrate the results to fuel their field of research. Applications become the property of Bruker Cellular Analysis. Bruker Cellular Analysis makes no guarantee or warranty with respect to the security or confidentiality of applications or the application process. By entering, the participant gives permission to Bruker Cellular Analysis to contact the participant regarding Bruker Cellular Analysis' products and services, whether or not the participant is chosen as the winner. Each participant shall be entitled to make one (1) entry into the Beacon Discovery Grant Program only. In the event that Bruker Cellular Analysis deems a participant to have made multiple applications to enter or to have acted in bad faith with respect to the Beacon Discovery Grant Program, the participant shall be excluded from the Beacon Discovery Grant Program and consequently ineligible to win the prize, as defined below.

Eligibility and Requirements:

Applicants must be actively enrolled or employed at an institution or company in a capacity in which they perform life science research. Recipients must be age 18 or older. Members of the immediate families of Bruker Cellular Analysis (or its affiliates) employees and directors, and/or persons living in the same household as such persons, are ineligible to participate in this grant program. The Beacon Discovery Grant Program is open to researchers who have not been the winner of another Bruker Cellular Analysis contest or program in the past year. The grant award allows for one recipient each from the Americas, EMEA (Europe/Middle East/Africa), and APJ (Asia Pacific Japan) to receive 3 runs performed on the Beacon Discovery system by Bruker Cellular Analysis in Emeryville, CA.

Selection of Recipients and Notifications:

Bruker Cellular Analysis will review and evaluate all of the grant applications submitted, and will award the grant to the submission that Bruker Cellular Analysis believes, based on the sole judgment and discretion of Bruker Cellular Analysis personnel evaluating the grant applications, will have the greatest scientific impact. All decisions by Bruker Cellular Analysis with respect to such award will be final. The selected winners will be attempted to be notified by email within approximately five (5) business days after selection. If the selected winners have not responded to email inquiries within three (3) days, Bruker Cellular Analysis will attempt to contact the winner by telephone. If the winner cannot be reached by telephone within forty-eight (48) hours of first telephone attempt to notify such winner, the prize may be forfeited and an alternate winner may be selected, based on the criteria set forth above, at Bruker Cellular Analysis's discretion.

Use of Recipient's Name and Likeness:

The participant acknowledges and agrees that, if the participant is selected as one of the winners, the participant's name, biographical information, likeness, the name of the participant's institution or company and the project title (excluding further project details) may, without further compensation, be published on one or more Bruker Cellular Analysis website(s) and, at Bruker Cellular Analysis' discretion, through social media. By accepting the prize, the winner grants to Bruker Cellular Analysis, on behalf of the winner and the winner's institution or company, the right, at any time and from time to time, to print, publish, broadcast and use, worldwide and in any media now known or hereafter developed (including, but not limited to, social media, the Internet and the world wide web), the winning participant's name, biographical information, (if provided by the participant) image, likeness, the name of the winning participant's institution or company and the project title (excluding further project details).

Publications and Presentations:

It is the objective of both parties that the winners will present results from the proposed study in one or more publications. Further, as a condition of entry and award of the prize, Bruker Cellular Analysis will be permitted to use such results to create marketing materials. Results of these studies are expected to lead ultimately to publications and will be presented in international conferences (e.g. AACR, PEGS, for example).

Miscellaneous:

By submitting an application, each applicant agrees that Bruker Cellular Analysis may use his or her name, abstract title, and abstract for marketing purposes. All applicants agree that Bruker Cellular Analysis may process the personal data he or she provides as part of the application, including sharing such data with Bruker Cellular Analysis's partners, collaborators and other third parties who are obligated to keep the data confidential, and in accordance with Bruker Cellular Analysis's privacy policies available at [Privacy Policy - Bruker Cellular Analysis](#). Award recipients may be required to sign and return an affidavit of eligibility, release of liability, a publicity release, and other appropriate legal documentation reasonably requested by Bruker Cellular Analysis. No substitution or transfer of the award is allowed, except as otherwise permitted by Bruker Cellular Analysis. Award winners are responsible for any local tax liability (city, state, or federal) occurred by winning and accepting the award. If, for any reason, this grant program may not run as planned for any causes beyond the reasonable control of Bruker Cellular Analysis, then Bruker Cellular Analysis reserves the right in its sole discretion to cancel, terminate, modify or suspend the grant program. Bruker Cellular Analysis has not made any warranty, representation, or guarantee, express or implied, with respect to the grant award and related services, including, without limitation, their quality or fitness for a particular purpose. This program is void where prohibited or otherwise restricted by law. These terms and conditions and any action related to this grant program will be governed by the laws of the State of California without regard to or application of its conflict of law provisions or your state or country of residence. All claims, legal proceedings or litigation arising in connection with these terms and conditions and this grant program will be brought solely in the federal or state courts located in Emeryville, California, and all applicants consent to the jurisdiction of and venue in such courts and waive any objection as to inconvenient forum. By participating in this grant program, each applicant unconditionally accepts and agrees to comply with and abide by these terms and conditions.

FOR RESEARCH USE ONLY. Not for use in Diagnostic Procedures.
